Saving lives, one story at a time

What Drives Oregon Impact?

Oregon Impact works to prevent the preventable!

Impaired driving causes hundreds of tragic fatalities and thousands of unnecessary injuries each year on Oregon roadways.

Oregon Impact aims to stop such needless suffering by opening conversations in our schools and community. Our goal is to present to over 10,000 teens and countless community members through our educational and outreach programs in the coming school year.

- Car crashes are the #1 cause of death for teens.
- 58% of children killed in an alcohol-related crash are in the car with the drunk driver.
- An overwhelming 75% of teens even admit to text messaging while driving.

Our work must continue.

Your participation will assure Oregon Impact's educational programs will be ever present in our community!

All of the proceeds

from the golf scramble fund
